Overview

Cisco announces the end-of-life dates for the Cisco Identity Services Engine (ISE) Software Versions 2.7.

Table 1. End of life Milestones and Dates

Milestone	Definition	Date
End of Life Notice	Announcement of end-of-life of the product posted on Cisco.com.	March 22nd 2022
Software Maintenance	From this date, Cisco will only publish fixes for security vulnerabilities and severity 1 issues pertaining to the release as determined by the Cisco ISE team.	September 22nd 2022
End of Software Maintenance	The last date on which Cisco Engineering may release the final software maintenance releases or bug fixes, if any. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software including Sev 1 and security vulnerabilities.	September 22nd 2023
End of Support	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product will become unavailable, and the product becomes obsolete.	September 22nd 2024

Important notice

With the release of Cisco® Identity Services Engine (ISE) 3.0 in September 2020, Cisco announced a new streamlined licensing scheme for Cisco ISE in line with the Cisco DNA Center™ licensing tiers, which reduces the complexity in ordering.

The new licensing scheme supports only Smart Licensing with Smart Account.

please carefully read the License Migration Guide before upgrading to ISE 3.0 or later.
