Lawful Intercept Service Bureaus and Mediation Device Suppliers

Service Bureaus

Service providers that expect to receive few requests for lawful intercept may want to consider using a service bureau to provision intercepts and manage the provider's relationship with law enforcement. Use of a service bureau may mitigate the need to modify network capabilities.

Service bureaus that can provision lawful intercept include:

- Apogee
- Subsentio
- NeuStar (NeuStar has acquired Fiducianet)
- VeriSign

Device Suppliers

Cisco preferred mediation device equipment suppliers include:

- EVE Compliancy Solutions
- Group 2000
- SS8
- Nexburg
- Verint

Alternative mediation device equipment suppliers include:

- Accuris
- ATIS Systems
- DigiVox
- NICE Systems
- Teletron
- Urmet Group
