

Preface

This preface describes this guide and provides information about the configuration of URWB on Cisco Catalyst Industrial Wireless access points, and related documentation.

It includes the following sections:

- About this Guide, on page i
- Related Documentation, on page i
- Communications, Services, and Additional Information, on page i

About this Guide

This guide details the configuration of the URWB mode of operation for the Cisco Catalyst IW9167E, IW9165E, and IW9165D access points. UWRB is supported as part of the Unified Industrial Wireless (UIW) software. UIW Release 17.16.1 introduces these new features:

- 4900-4990 MHz Frequency Support for US and Canada with License Enforcement
- Additional Country Codes Support
- Network Address Translation

Related Documentation

Documentation for the access point control and provisioning of wireless access points (CAPWAP) and workgroup bridge (WGB) modes of operation for the Catalyst IW9167 and IW9165 access points are available in the following URLs:

- Catalyst IW9167 Heavy Duty Access Point
- Catalyst IW9165E Rugged Access Point
- Catalyst IW9165D Heavy Duty Access Point

Communications, Services, and Additional Information

- To receive timely, relevant information from Cisco, sign up at Cisco Profile Manager.

- To get the business impact you're looking for with the technologies that matter, visit Cisco Services.
- To submit a service request, visit Cisco Support.
- To discover and browse secure, validated enterprise-class apps, products, solutions, and services, visit Cisco DevNet.
- To obtain general networking, training, and certification titles, visit Cisco Press.
- To find warranty information for a specific product or product family, access Cisco Warranty Finder.

Cisco Bug Search Tool

Cisco Bug Search Tool (BST) is a gateway to the Cisco bug-tracking system, which maintains a comprehensive list of defects and vulnerabilities in Cisco products and software. The BST provides you with detailed defect information about your products and software.

Documentation Feedback

To provide feedback about Cisco technical documentation, use the feedback form available in the right pane of every online document.
