Documentation Roadmap, Cisco Wireless Release 8.7

First Published: April 20, 2018

This document provides quick and easy access to all the documents published for Cisco Wireless Release 8.7.

Note: The documentation set for this product strives to use bias-free language. For purposes of this documentation set, bias-free is defined as language that does not imply discrimination based on age, disability, gender, racial identity, ethnic identity, sexual orientation, socioeconomic status, and intersectionality. Exceptions may be present in the documentation due to language that is hardcoded in the user interfaces of the product software, language used based on RFP documentation, or language that is used by a referenced third-party product.
