

Preface

This preface describes the audience, organization, and conventions of this document. It also provides information on how to obtain other documentation.

This preface contains the following sections:

- Audience, on page i
- Document Conventions, on page i
- List of Acronyms and Abbreviations, on page ii
- Related Documentation, on page ii
- Communications, services, and additional information, on page iii

Audience

This document is designed for those persons who are responsible for enabling your Cisco Spaces: Smart Workspaces account. This document is intended primarily for the following audiences:

- Cisco Spaces account administrators who can enable the hybrid work experience
- Building managers who can improve workspace facilities to enrich the employee experience
- IT and network administrators who deploy Smart Workspaces
- System administrators who are responsible for configuring WebEx and Meraki technologies

Document Conventions

This document uses the following conventions:

Table 1: Document Conventions

Convention	Description
Bold font	Commands and keywords and user-entered text appear in **bold** font. Commands, command options, and keywords are in boldface.

Convention	Description
Italic font	Document titles, new or emphasized terms, and arguments for which you supply values are in *italic* font.
Option > **Option**	Used to describe a series of menu procedures in the GUI.

Reader Alert Conventions

This document may also use the following conventions for reader alerts:

Note Means the following information includes helpful suggestions or references to material not covered in this document.

Tip Means the following information will help you solve a problem.

Caution Means you need to be careful. In this situation, you might perform an action that could result in equipment damage or loss of data.

List of Acronyms and Abbreviations

Table 2: List of Acronyms and Abbreviations

Acronym	Expansion
BLE	Bluetooth Low Energy
RSSI	Received Signal Strength Indicator
SSID	Service Set Identifier
UUID	Universally Unique Identifier

Communications, services, and additional information

- To receive timely, relevant information from Cisco, sign up at Cisco Profile Manager.
- To get the business impact you're looking for with the technologies that matter, visit Cisco Services.
- To submit a service request, visit Cisco Support.
- To discover and browse secure, validated enterprise-class apps, products, solutions, and services, visit Cisco DevNet.
- To obtain general networking, training, and certification titles, visit Cisco Press.
- To find warranty information for a specific product or product family, access Cisco Warranty Finder.

Cisco Bug Search Tool

Cisco Bug Search Tool (BST) is a gateway to the Cisco bug-tracking system, which maintains a comprehensive list of defects and vulnerabilities in Cisco products and software. The BST provides you with detailed defect information about your products and software.

Documentation feedback

To provide feedback about Cisco technical documentation, use the feedback form available in the right pane of every online document.
